

It is **URGENT** that you join us **NOW** in helping those who are sacrificing so much to help us through this **Coronavirus** crisis

We are **MASTERthese**, a 501(c)(3) California nonprofit corporation operated entirely by K-12 students

1 in 5 cases patients are healthcare workers*

An ER doctor in New York says they are wearing the same masks for 5 to 7 consecutive shifts.

In Chicago, an ER doctor reports that he has started a fundraiser in order to buy more masks for ER personnel.

Detroit bus driver dies from Coronavirus because he had no protective gear when someone coughed on him.

Here is how together we can make a big difference

We provide urgent and life-saving protective gear to those who are there to help us. There are far more of us receiving critical help than the combination of all people in all fields providing critical help to us. Clearly, small amounts of help from each of us can save lives of those helping us.

How can I help?

Send new N95 masks or send donations by check or wire. So that we do not interfere with government efforts to procure masks, please call us for up to date information for properly procuring masks.

Will I be safe if I help?

Yes, because you provide help without leaving your home.

Do I need to join MASTERthese in order to help?

You do not need to be a member or student in order to help. But if you are a student and wish to join MASTERthese, you can do so and gain special elite status for helping with this effort.

Do you need other PPEs?

Yes, we accept gowns, goggles, face shields, and gloves. So that we do not interfere with government efforts to procure PPEs, please call us for up to date information for properly procuring PPEs.

Tax Information

Your contributions are tax deductible
